Advent

Please make an effort this Advent to renew your commitment to Christ. Go and have a chat with some Priest, go to confession and make a fresh start. I am always available send me a text. I will always be available in the office without an appointment between 2pm and 4pm every Saturday.

Fr Jack

Advent has come again. But it is here every day. Another opportunity to renew our efforts in working with God. I cannot say I particularly like people giving testimonies and talking about spectacular events. It gives the impression that God is only in the spectacular. The Lord is present on our journey. He accompanies us all the time but we are always looking for the spectacular. Jesus says things will take place as in Noah's day. People were eating and drinking, marrying and giving in marriage. Let us bear this in mind: God is hidden in our life, but he is always there—he is concealed in the most common and most ordinary situations in our life. He does not come in extraordinary events, but in everyday things. He manifests himself in everyday things. He is there, in our daily work, in a chance encounter, in the face of someone in need, even when we face days that seem grey and monotonous. It is right there that we find the Lord, who calls to us, speaks to us and inspires our actions.

Prince of Egypt Screening -

Sincere thanks to all those who joined the young people for the movie last Sunday. It was a great success and hopefully it will be the beginning for young people in the parish. Please parents your encouragement and support is essential. Today we welcome Fr Dermott the Catholic Youth Chaplain of the Diocese who will say the 10:00 am Mass and talk to young people afterwards. Please again all young people from 15 to 25 join him.

CAFOD

Christmas is about Christ and that means about us. We should make a special point of thinking of others during this Advent Season. So please have a box/envelope\jar in your house by the television and put a little in regularly. Parents please encourage your children, the amount is not so important but our intention of thinking of other people is very important.

No one changes the world who isn't obsessed.

SERVERS.
