Fr Jack

A few weeks ago Paul told us that when the word came among us it came,"as power, the Holy Spirit and utter conviction." Today Paul tells us that "God's message is God's message and not some human thinking; and it is still a living power among us who believe it. When we hear the word on Sunday and the reader ends, "This is the word of the Lord." We should shout out, "Thanks be to God" with power and utter conviction. That God has truly spoken to us. God Himself, it is an awesome thought and we really need to get into it and feel it, Yes God has spoken to us. The word of God is alive and active. The key answer to all of this is humility.
