## FR JACK

The cleansing of the temple is well known and used by many people to justify their anger or bad temper. "Well Jesus got angry." The cleansing of the temple is all about Jesus getting rid of the old way of doing things and introducing a new way. He was now going to be the perfect sacrifice and there is no more need, dare I say value in offering sacrifices of sheep or cattle or harvest. "**He died once for all.**" How about my sacrifices? It may make me a better person, but I prefer to give someone "a cup of cold water."

*Be the change you wish to see in the world.*

## KARAOKE

Sincere thanks to John and Jessica for providing the music and Jackie and Isabella for providing the food. Those who came enjoyed themselves. But the poor turn out was disappointing.
