Hospital

Full time Hospital Chaplains are getting very scarce. So if you should be admitted to hospital tell the nurse to let the chaplain know or tell your family to let your parish priest. We don't automatically know.

FR JACK

Today we have the feast of the two greatest men in the church, Peter and Paul. They are always put together in iconography and they both died in Rome. Peter unites the church and gives it integrity, truth and continuity. Otherwise the church could disintegrate into a debating society. free for all where everyone believes what they wish. As is happening to many people who leave the church because they want to do it their way. But Peter embraced Paul. They complement each other. Paul brings us theology, evangelization, speculation and mission. He establishes churches and moves on. Writing back to encourage and support them. Paul in a sense makes it relevant to different generations. The two embrace the church and make it dynamically alive and surviving to this day.
