FR JACK

If life is tough and getting you down which probably it is for many people. I don't have any magic solutions but have a look at today's second reading from St Paul it may help you a little. Try to appreciate the richness. Chosen before the world was. Who the heck am I? Chosen before the creation of the world? Adopted sons and daughters? Such is the richness of God's love to us. We are God's own, sealed with the gift of the Holy Spirit who brings freedom. The big problem is our human brain and our own small mindedness cannot grasp this reality. Reflect long and hard on the above and try to make it our own. Try to make it real for yourself. ***Happiness is not something ready made. It comes from your own actions.***

Hospital

Full time Hospital Chaplains are getting very scarce. So if you should be admitted to hospital tell the nurse to let the chaplain know or tell your family to let your parish priest. We don't automatically know.

A Pastoral Message from

Archbishop John Wilson to Catholics from Nigeria, or with Nigerian Heritage, in the Archdiocese of Southwark

I hope that you are well. I have returned recently from Nigeria where I was invited to ordain ten priests for the Missionary Society of St Paul of Nigeria. It was a remarkable trip on many levels.

The Pastoral Message can be found on the Archdiocese of Southwark website here:
