ANNETTE BERNARD RIP

It is with great sadness I tell you that Annette died on Tuesday evening at 7.31pm. She had been in hospital for two months with a serious infection, and had her foot amputated. Sadly she never recovered from it.

We thank *Katra Barrett* and *Catherine Medina* who were a great support to Annette in hospital and visited her regularly. Thank you so much ladies.

Annette was a very private person and did not want more visitors. We know very little about Annette and family so if you have any information, it would be appreciated.

Annette's commitment to St James and me personally was incalculable. It will take many to fill her boots/ jobs, if at all possible.

Funeral details later.

Fr Jack

"And I shall cultivate the ground around it and fertilize it." Pope Francis says our God is the God of another possibility. This is fundamentally grace. Grace is everywhere and I am called to recognise it and cooperate with it. Grace is just love and God is always calling us to cooperate with Him and this means life here and now and the larger life to follow. What is there to not agree with and love?

Do you give people another chance after they make a mistake? But Jesus knows that conversion is not easy, and he wants to help us there. He knows that we often repeat the same mistakes and the same sins; that we become discouraged, and perhaps it may seem that our commitment to do good is useless in a world where evil appears to rule. Thus, after his appeal, he encourages us with a parable that tells of the patience of God. But even his patience we will never appreciate if we don't cooperate with Him.

Especially For Parents.

Please parents, google the **Wednesday Word**, which carry the readings for the following Sunday in a very child friendly way. Children love it and learn much from it

Care Not Killing Petition

Thanks to all those who signed up last week.
