Another work of the spirit.

Fr Jack

Jesus tells us He will not leave us orphans. What thoughtfulness. He came to die for us and now that He has died and risen and returned to the Father He still wants to come back and take care of us. If in a different way. He will always be with us. In the heart of a person who drives to Sudan to take a lorry of food to people he doesn't even know. Volunteering at charities or community centres. Donating to those in need through food banks. Supporting mental illness by checking in on friends. Supporting lonely people by visiting or shopping for them.
Make space for the spirit in your life.

FINANCE COUNCIL

We are looking for one or two people with a bit of financial knowledge who would be willing to join us on the Church Financial Council. Four one-hour meetings a year and a little bit of admin in between. Not too onerous. Please let me know.

Bank Holiday Outing

My sincere apologies to all the adults and children who turned up faithfully at 8.30am last Monday to be disappointed by the failure of the coach company to turn up. Apparently, the driver did not know he was working that day.????? As I write I have had no official apology from them.

FIRST COMMUNION

Congratulations to our 20 beautiful and handsome young people who made their communion this weekend. Parents please be faithful to your commitment and what you learnt in the classes. They are your children. *Sincere thanks to Paula and her colleagues who helped throughout the year.*

SYNODALITY.

The Archbishop is keen to get the whole idea of Synodality implemented in the Dioceses.

This concerns you because you are part of the dioceses.

Synodality means every baptised person playing their part as a member of the Church. Everyone being involved.

So, He and I invite two parish lay delegates who are willing to participate to be involved.

Please let me know of your willingness.

You are the church .
